Sheridan College Official Document Cover Page

Sheridan College official documents are issued directly through MyCreds™ which is owned by the Association of Registrars of the Universities and Colleges of Canada (ARUCC) and powered by Digitary, a trusted international verified digital credential platform. MyCreds™ ensures document authenticity. When transcripts, credentials, and any other documents are issued through MyCreds™, they are verifiable, secure, and include a cryptographic signature.

If you have received a notification of this document from noreply@mycreds.ca **and a link to access it through MyCreds™, you are viewing a certified official document that you can trust. A document routed to you as an attachment from an individual personal email is not official and may not reflect the most recent version.**

When viewed in PDF format in Adobe 9.0 or later, this document has a number of security features described below. These security features do not apply to a printed copy. Under no circumstance should a printed copy be relied upon as it could be subject to tampering. This document is shared as a single-use transaction between the learner and the recipient and downloads are for record keeping purposes only. Forwarding or reproducing this document will render the document not valid.

Security information
To verify the authenticity of the digital document, make sure you are accessing it online via a link to the document on MyCreds™. The link will start with https://learner.mycreds.ca.

When viewed in PDF format in Adobe 9.0 (or later), the digital signature of the document should be interpreted as follows:

The blue-ribbon symbol signifies that the contents of the document have not been altered after it was downloaded. It does not signify its currency (it may have been revoked or replaced by the institution or organization with a more up to date document). If the document does not display a valid certification and signature message, reject this document immediately.

This symbol with a red cross signifies that the issued document is invalid. An invalid digital certificate display means either the digital signature is not authentic, or the document has been altered. A document with an invalid digital signature display should be rejected.

This symbol signifies that the Author is Unknown. Author Unknown can have two possible meanings: The document is a self-signed document or has been issued by an unknown or untrusted authority and therefore has not been trusted. If you receive this message, make sure you are properly connected to the internet. If you have a connection and you still cannot validate the digital signature on-line, reject this document.

This symbol indicates that Adobe needs to validate the signatures. You will need to follow the instructions to validate the signature. Should the signature validate successfully, you will be presented with the blue-ribbon symbol above. If it cannot validate the signature, the red cross will be presented.

This document is available for viewing until the expiry date set by the Learner. If your access has expired, you will need to contact the Learner to request a new share of the document. MyCreds™ cannot reissue documents.

CALCULATION OF GRADE POINT AVERAGE

Cumulative Grade Point Average (GPA) is calculated per term and over the student's entire academic history with Sheridan. Program Grade Point Averages (effective 2008) are calculated per term and for the specific program. Program Grade Point Averages are based only on the courses that make up the program of study. Courses re-taken will have grades from all attempts recorded on the transcript; however, only the highest grade will be used in the GPA calculations. Grade Point Averages are weighted calculations based on the grade received and the credit value of the course.

An example of a weighted GPA is:

Course Grade	Grade Points		Credit Value		Weighted Credit Value
A+	4.0	x	3.0	=	12.0
B+	3.3	x	3.0	=	9.9
B	3.0	x	3.0	=	9.0
C+	2.5	x	3.0	=	7.5
C	2.0	x	3.0	=	6.0
D	1.0	x	3.0	=	3.0
Total			18.0		47.4

GPA = Total Weighted Credit Value ÷ Total Credit Value

Based on example above:
47.4 ÷ 18.0 = 2.6 GPA

INCLUDE/EXCLUDE (E/I)

An E/I designation is used to indicate when a course has been repeated. The "I" designation indicates that the course is to be included in the GPA, while the "E" designation indicates that the course will be excluded from the GPA.

HONOURS STANDING

Awarded upon completion of the program.

Honours Standing: 3.6 - 3.89
High Honours (formerly Sheridan Scholar): 3.9 - 4.0

GRADUATION AWARDS

Sheridan Silver Medals: The Board of Governors awards at Convocation a silver medal to the graduate with the highest Program Cumulative GPA in each program.

Governor General's Collegiate Bronze Academic Medal is awarded to the student who achieves the highest overall program average upon graduation from a diploma-level, post-secondary program.

Governor General's Silver Academic Medal is awarded to the student who achieves the highest academic standing upon graduation from a bachelor degree program.
